**Course Description:**

Students will understand what diabetes is, its complications, medication and treatment. How proper diet, monitoring physical changes and documentation will assist the diabetic to manage their disease and reduce the impact of diabetes on the individual.

**Course Objectives:**

**After Completing this Course the Student:**

1. They will understand the regulations governing the “Scope of Practice” in Residential communities as covered by NAC and NRS 449.
2. Students will understand the difference between Type 1, Type 2 and Gestational diabetes.
3. Identify signs and symptoms of diabetes and the proper response to a Hyperglycemia or Hypoglycemia event.
4. They will understand the importance of the proper diabetic diet and how to facilitate proper nutritional guidelines.
5. Identify and define Pressure Ulcers and describe the proper prevention methods.
6. Demonstrate and define the proper insulin injection procedures and the medications used to treat diabetes.
7. Understand how Coumadin affects the blood and how dietary choices can be very strict.

**Course Requirements:**

1. **Maintain a three-ringed binder that will contain the course syllabus, class notes, handout, returned papers and all other related materials.**
2. **12 sheet protectors for your Certificates.**
3. **There will be no excused absences; student must re-schedule class if he cannot attend class.**
4. **Students must complete all reading and written assignments as instructed.**
5. **Students must wear scrubs and closed-toed shoes with no heel.**
6. **Student must bring a Gait Belt for classroom clinical instruction (For Caregiving Class only).**

**Grading Policy:**

If Student does not earn at least a 75% on the final course exam, they will be required to study, and re-take the exam, prior to receiving their Certificate of Completion.

| Letter Grade | Percent Grade | 4.0 Scale |
|--------------|---------------|-----------|
| A+           | 97-100        | 4.0       |
| A            | 93-96         | 4.0       |
| A-           | 90-92         | 3.7       |
| B+           | 87-89         | 3.3       |
| B            | 83-86         | 3.0       |
| B-           | 80-82         | 2.7       |
| C+           | 77-79         | 2.3       |
| C            | 73-76         | 2.0       |
| C-           | 70-72         | 1.7       |
| D+           | 67-69         | 1.3       |
| D            | 65-66         | 1.0       |
| E/F          | Below 65      | 0.0       |

**Progress Reports:**
