Course Syllabus
108: Accelerated Medication Management
2021-2022

Subject: Medication Management
Day(s): 2 days (4 hours each day)
Time(s): 9AM – 1:30PM ZOOM

Instructor: Gretchen Batis
Guest Speaker:
Contact Information: (702) 489-5822
Email: CQES@CQES.org

Course Description:

This Medication Management course can help direct care workers prevent medication errors. Preventing medication errors promotes patient safety. This program will teach standards to administer medications safely, avoiding risky behaviors and special handling of narcotic medications. The student will explain and demonstrate the appropriate State of Nevada procedures for medication administration.

Course Objectives:

After Completing this Course, the Student:

1. Understand the regulations governing “Scope of Practice” in the Residential communities as covered by NAC and NRS 449 for Med Techs.
2. Explain how continual observation of each resident for potential adverse reactions to medications and/or signs/symptoms will promote safety and quality care.
3. Understand and articulate the importance of client rights, infection control, and communication with the healthcare team.
4. Identify and demonstrate the proper managing of medications and assisting the residents to self-administer medications.
5. Identify the importance of assuring that the medications coincide with what the authorized prescriber (e.g., physician) has prescribed.
6. Explain the ordering and refilling medications procedures
7. Demonstrate logging medications on community-approved medication log when received and proper documentation for all medications administered.
8. Demonstrate destroying medications in accordance with state procedures. Identify how storing medications safely can reduce medication errors.

Course Requirements:

1. **Students must complete all reading and written assignments as/when instructed.**
2. **Students should wear scrubs or professional clothing and closed-toed shoes with no heel.**

Grading Policy:

If Student does not earn at least an 80% on the final course exam, they will be required to study, and re-take the exam, prior to receiving their Certificate of Completion.

Letter Grade	Percent Grade	4.0 Scale
A+	99-100 %	4.0
A	98.75-92.50%	4.0
A-	91.25-90%	3.7
B+	88.75-87.50%	3.3
B	86.25-83.75%	3.0
B-	82.50-80%	2.7
Fail	Below 80%	2.3

Progress Reports:

Instructor will submit a daily progress report for each student on:

1. Professional Appearance
2. Missing Assignments
3. Absent or Late and for what Reason
4. Works Well with Others
5. Participation in Class Discussions
6. Quality of Work
7. Legible Writing
8. Making Progress as Day Continued
9. Attentive to Instruction
10. Areas that Needs Improvement
11. Overall Grade for Class Objectives

Class Format:

Instruction, Lecture Formats will be followed. All students are expected to participate in any class discussions, small group work or any other method of communication and interchange used by the instructor.
